\$250,000 SCHOOL BOND ISSUE CARRIES THE CITY 635 TO 356; WEST SIDE GOES AGAINST IT

Voters Strongly in Favor of New and Modern School Buildings.

HIGH SCHOOL SITE DISCUSSED

Report is current today that building might not be erected on site of present fourth ward building. No decision, say the directors.

School board's plan to issue \$250,000 in bonds for two new school buildings was approved by the electors at yesterday's special election. The total vote was 635 for and 356 against and only the seventh ward defeated the issue decisively. There the vote was 69 for and 102 against. The 33 votes less in this ward, however, was easily offset by splendid majorities in most of the other wards.

The vote by wards follows:

Ward	For	Against
First Ward	110	10
Second Ward	110	10
Third Ward	110	10
Fourth Ward	110	10
Fifth Ward	110	10
Sixth Ward	69	102
Seventh Ward	69	102
Total	635	356

The vote by wards was a close one, it was apparent that the bond issue would carry by a substantial majority. The result, however, was a surprise even to the most optimistic of its supporters. No organized opposition had developed to the issue during the day but a good deal of quiet opposition was exerted and just how much effect this might have on the result was not known.

The vote was computed in remarkable short time in all of the wards. At the first ward the result was made known about 10 minutes after the polls closed. It showed that School Director C. R. Metzler, who worked at the polls all day long, had been defeated with a vote of about 5 to 1 in favor of the bonds, or just up in favor and only 13 against.

The success of the bond issue on the West Side was always doubtful and the return from the seventh ward showed that there had been reason to doubt. The opposition there rolled up 102 votes, compared with only 69 for the issue. This was largely due to the influence of Councilman John D. Metzler.

In the sixth ward there was a hot fight on but the bond issue carried by two votes, 69 to 48.

The third ward vote proved something of a surprise although there were several voters who were in favor of the bonds all day long. The opposition polled but 81 votes compared to 119 for the issue.

The fifth ward with the first ward in rolling up a big vote for the bonds, the result being 130 for to 31 against. The other two wards helped considerably in rolling up a majority for the bonds.

Members of School Board were highly pleased with the result. "There are still many details to be attended to before the money for the bonds will be available. While the sale of bonds is being negotiated, the board will employ an architect to prepare plans and specifications for the new buildings. The letting of contracts will follow. All of this will take time and will involve much work by the school authorities."

The school board has made no announcement as to the location of the proposed senior and junior high school. A number of electors who voted for the bond issue were inquiring about this matter today. The impression prevailed that the building was to be erected upon the site of the present fourth ward building and the adjoining property but there was a report today that another site would be chosen. The directors refuse to discuss this matter, declaring that this matter has not been fully decided.

There was much applause in high school this morning when Principal E. B. Smith informed that the bond issue during chapel exercises.

There was talk among the students of holding a demonstration tonight but whether this will materialize is not known.

High school boys who were excused from school yesterday to work for the bond issue rendered first service in getting out the vote, running errands and getting returns. Among the boys who "worked" were Deway Miller, Arthur Darr, Edgar Smith, Edwin Keagy, Isadore Featherman, Junior Marshall, Clarence McCormick, James Rush, Seison Madigan, Donald Higbee, Donald Kurtz, Harold Horner, Ripley Laughrey and James Shannon.

HUNGRY BOYS RETURN.

South Side Lads Find Home Is the Best Place.

Hungry and homeless, Paul DeWitt and James Alexander, two 14 year old South Side boys who left home two days ago, returned yesterday afternoon. They told their parents they had only gone on a little trip and landed over near Johnstown.

When the two youngsters left they had but three oranges apiece. They secured one meal at a farmhouse. Yesterday they decided that home was the best place, as a sure meal awaited them there. The police were notified when the boys left but they could get no trace of them.

EXTEND WATER MAIN.

Will Supply New Tanks at Atlantic Refining Company.

The Connellsville Water Company has a force of men working on Fourth street. West Side, laying an extension to the water main in order to supply the new warehouse and stables of the Atlantic Refining Company.

The Atlantic Refining Company is making quite a few permanent improvements at that location and, it is understood, will carry on hand quite a large stock of the various kinds of oil for distribution throughout this section.

TESTS CONTINUE

Class Hard at Work Trying for Mine Foremen's Papers.

Examinations for second grade mine foremen's certificates are still on today in Old Fellows' Temple. The class will complete the first section of the tests today and tomorrow the entire number will take the first grade examination. Applicants for fire bosses' papers will be examined on Friday.

Successful for a second grade certificate, the applicant must make 80 per cent in the written test and pass an oral examination. For first grade certificates the applicant must make 80 per cent in both written tests and also pass the oral examination.

The questions given this morning are:—How would you render first aid treatment to a workman suffering from shock due to an accident? 14—What appliances should be provided and maintained and what precautions adopted to insure safety from lightning and gravity planes? 15—What is the capacity in gallons per minute of a pump twelve (12) inches in diameter, running at a piston speed of one hundred (100) feet per minute, allowing efficiency of 75 per cent for leakage? 16—What useful information can a mine foreman obtain from the mine map made in accordance with the law? 17—Under what conditions does a pipe fail? 18—How can a pipe become a mine gas? 19—What are the legal requirements and the advantages in the use of electric battery for firing shots?

FEAST OF PASSOVER.

Hebrews' Feast Begins Next Monday; Continues Seven Days.

The celebration of the Jewish Feast of the Passover begins Monday evening, April 17, at sundown and will continue until the period of seven days.

The manner of its observance was determined largely by the Biblical ordinances concerning this feast. The ceremonies are such as are calculated to bring home the historical event which the feast commemorates.

The new born freedom vouchsafed to Israel after the long period of oppression endured under the Egyptian tyranny. The eating of unleavened bread is enjoined as a reminder of times in the Biblical regulations.

TWO AUTOS COLLIDE.

Stewart Stillwell's Grant Six and Vanderbilt Car in Smash.

Stewart Stillwell met with an accident in his new Grant Six yesterday afternoon when he collided with a Ford touring car on the road near Trotter. The front ends of the machines came together but the Grant car escaped with a bent fender. The Ford was damaged a good deal more.

The Ford was damaged a good deal more. The driver of the Ford, a Vanderbilt man. Neither of the drivers was hurt.

NOSE FRACTURED.

Brakeman's Face Comes in Contact With Bridge.

L. W. Dreese of Haystack, 23 years old, Baltimore & Ohio brakeman, while standing on an engine this morning about 4 o'clock, came in contact with an overhead bridge at Dawson, suffering a fractured nose. He was admitted to the Cottage State Hospital for treatment.

Joseph Huey of the Connellsville, 7 years old, underwent a throat operation this morning.

NEW MATERIAL HERE.

Work on City Hall Repairs Will Be Finished Now.

Some of the material needed for repairs to the exterior of the City Hall where a high wind blew some bricks and several months ago arrived today. The work will be finished immediately by the contractor and the scaffolding torn down.

This job has been delayed a long time only a little work being done now and then.

PEIDLER IS FINED \$2.

Andy Rubin was arrested yesterday by Detective J. W. Mitchell for peddling without a license. He left a \$2 forfeit. Harry Miller, who had to be hauled in from the South Side on a wagon, was given 72 hours in the lockup for drunkenness.

To Baptize New Members.

The Great Christian Witness for Christ will be Rev. William Nelson's subject at the Baptist church tonight. There will be baptism of new members.

E. B. SMALL SEVERELY SHOCKED DURING ELECTRICAL STORM

South Side Man Rendered Speechless and Semi-Conscious by Bolt.

During a heavy thunderstorm, which visited Connellsville early last evening, E. B. Small of street, came in contact with a live wire on Huston street. The shock rendered him speechless and he was in a stupor most of the night.

Mr. Small is a Baltimore & Ohio machinist, employed at night at the shops and was on his way to work when a telephone pole was struck by lightning. A live wire struck him on the shoulder and he dropped to the pavement unconscious. When a physician arrived he had partly regained consciousness.

He was carried into the home of Thomas J. Neo on Huston street, and when his wife arrived he was unable to recognize her. He regained his speech this morning and while his condition is much improved the attending physician deemed it not advisable to remove him to his home.

The storm commenced about 7 o'clock and was accompanied by thunder and fierce lightning. It lasted only for a short time. No other accidents were reported.

CONFER ON ROADS

Commissioners and Controller Seek to Come to an Agreement.

A conference is in progress at Uniontown today between the county commissioners, their solicitor and Controller Kinsinger in regard to the contracts for new roads throughout the county which have not yet been signed by the commissioners.

Commissioner Logan Rush announced that he would not come out of that conference until the matter was settled. Commissioners Rush and Nutt voted to award the contracts to the lowest bidders. This would give the Ball-Brock Company, Altoona, a large amount of the work. Commissioner Hoover and the controller oppose this action. It developed today that the contracts had not been signed. About a dozen contractors held forth outside of the room where the commissioners are in session.

PLANS FOR NEW CHURCH

Effort Is Being Made to Organize Church of the Brethren.

After a cottage prayer meeting held at the home of Mrs. William Friends on the West Side last evening a committee was organized to plan the erection of a new church of the Church of the Brethren. An effort is being made to organize a church here and 26 members are already pledged.

It was decided to close a deal for a lot on Vine street on the South Side, where the church will be erected. If possible a store room will be rented on the West Side so that prayer meetings and preaching services can be held.

FIRE AT LIBERTY.

Woman Extinguishes Flames While Neighbors Look On.

When the home of Mrs. John Swartz on Main street, Liberty, caught fire from a chimney about 10 o'clock yesterday morning, she extinguished it without aid by climbing to the roof with water in buckets.

Neighbors gathered around but it did not do anything to aid Mrs. Swartz. The fire was not serious, however.

INSPECTING SCHOOL.

State Factory Inspectors Look Over Monarch Structure.

Walter J. Lloyd, special inspector for the State Department of Labor, and James S. Darr, district factory inspector for Fayette county, are examining the Dunbar township school at Monarch today.

Inspector Lloyd was the one who so scathingly condemned the Fourth ward school building here about two weeks ago.

JUMPS IN RIVER.

Police Search For a Would-Be Suicide in River.

Early this afternoon the police were informed by telephone that a man had been seen plunging into the river at Sodom.

After searching for an hour no trace of the body was found.

Quartet Pleases.

The West Penn quartet of this city gave a concert last night in the Cochran Memorial Methodist Church at Dawson under the auspices of the Epworth League of that church. A well selected program was ably rendered and greatly appreciated by the audience.

To Go for Miller.

County Detective John Smith will go to Indianapolis, Ind., in bringing back Edward Miller who is wanted here on a larceny charge. Word was received two days ago that Miller is being held there and Detective Smith will go for him immediately.

May Get Kilbano.

Johnny Kilbano, featherweight champion, and Johnny Ray of Pittsburgh may meet in Uniontown soon.

Employ Many Negroes.

About 100 negroes will be employed by the Baltimore & Ohio railroad's slag dump at Stewarton.

Condition Unchanged.

W. C. Brinkley's condition was unchanged at the Cottage State Hospital today.

DREADFUL CARNAGE OF VERDUN BATTLE STILL CONTINUES

Deadly Gases and Flame Projectors Used by the Germans.

WONDERFUL COURAGE SHOWN

Testons Dash Forward Into a Merciless Rain of French Artillery Fire; Break Through Only to Find Enemy Has Left the Trenches.

By Associated Press.

PARIS, April 12.—The German assault on the Verdun front west of the Meuse, was renewed this morning. Troops advanced on Caurettes woods, south of Chenevres, the war office announced, using flame projectors, but were repulsed.

East of the Meuse in the Douaumont-Vaux section, there was only artillery fighting.

The war office says it has been confirmed that the German losses yesterday were very heavy.

While bringing up reinforcements to resume their attack on Lemort Heights, the hill of the Dead Man, the Germans are trying to recover the ground regained by the French in Callette wood and to the north between Douaumont and Vaux.

The French positions there describe an arc from a point south of Douaumont to the center of the village of Vaux and the front is a little less than two miles long.

For three days the only actions on the east bank of the Meuse have been confined to the trenches, the main preparation in heavily concentrated artillery fire with a finishing touch in a couple of hours of heavy shelling with suffocating and tear-provoking gas.

After the bombardment with high explosives lasting eight hours and the use of gas for another hour or two the Germans would attack in two columns simultaneously on two flanks where there was no visible diminution in their courage and ardor.

Neither did the French show the slightest fatigue and the consequence is that the unpreparedness of the battle of Verdun was not shown.

Yesterday the whole front beaten by a rain of shells was covered by a yellowish cloud of chlorine vapor which seemed to be suspended from the sky. When the cloud lifted the Germans bounded forward; seemingly indifferent to the thick death-dealing curtain of fire from the French artillery. Some of them got through it but only to find that the French had abandoned the first line trenches to allow the gas cloud to dissipate.

German reinforcements were sent up to fortify the trenches but before they had reached the line the French came back with an irresistible counter attack and in a few minutes drove out the Germans from the few points where they had penetrated the trenches.

GERMANS GAIN GROUND.

BERLIN, April 12.—German troops in the operations against Verdun yesterday made some ground in Callette woods southeast of Fort Douaumont, according to the official statement issued today by the German army headquarters.

NEW STEAMER SUNK.

LONDON, April 12.—Lloyds announces that the Senator, a new British steamship of 3,497 tons, has been sunk. It is believed all hands were saved. The Senator was owned to Whitby.

BRITISH REPULSED.

BERLIN, April 12.—A British Mesopotamia force composed of troops transferred from the Dardanelles were repulsed by Turks in a sanguinary battle lasting six hours near Fokhe on April 9, according to a Turkish official report dated April 11.

The statement adds that more than 3,000 dead British were counted after the battle.

TURES NEED FOOD.

WASHINGTON, April 12.—The government has official information that the food situation in Turkey is serious. Little hope is entertained of securing concessions from the Entente Allies for shipment of supplies.

GETS A PARDON.

Wheeling Man Proves an Alibi to President Wilson.

By Associated Press.

WASHINGTON, April 12.—W. P. Baldwin of Wheeling, W. Va., convicted President Wilson that instead of sending counterfeit gold coin by express from Wheeling on a certain day in 1914 he was attending church services at Altoona, Pa., and the President granted him a pardon.

Baldwin has been serving a three year sentence in the Moundsville, W. Va., penitentiary. In his application for a pardon he forwarded an affidavit by an Altoona priest certifying to his defense.

Reappoints Roderick.

HARRISBURG, April 12.—Governor Brubaker today reappointed James E. Roderick as chief of the Department of Mines and N. R. Hueller as commissioner of the Department of Fisheries.

Is Improving.

George S. Connell, city editor of The Courier, who was stricken with appendicitis on Saturday, is improving.

PAUL BROWN, CHRISTIAN ENDEAVOR WORKER, COMING

Will Lunch With C. E. Societies Tomorrow and Address High School Students.

Paul Brown, superintendent of the Intermediate Department of the United Society of Christian Endeavor, comprising societies in North America, who was for nine years secretary of the California State Christian Endeavor Union, together with H. B. Macrory, secretary of the Pennsylvania State Union, will be in Connellsville Thursday.

They will arrive in the forenoon in time to lunch with Christian Endeavor workers of Connellsville, and will address the high school students at about 3 o'clock in the afternoon, after which they will go to Uniontown for an evening dance with representatives of different societies throughout the county.

Mr. Brown is making a tour of the United States in the interest of Christian Endeavor work, and will spend in Fayette county one of the seven days only allotted to the state of Pennsylvania.

Thursday evening there will be addresses in the Second Presbyterian Church of Uniontown to which most of the representatives are expected from all parts of the county. Rev. W. Scott Bowman will preside, assisted by pastors of Uniontown, and in connection with the program will be selections by the Girls' Glee Club, and songs in their native tongue by the Slovak Presbyterian Christian Endeavor society and members of the McCrum Training

Votes Must be Requested At Time Subscription is Paid Or None Will be Given

No votes will be issued on subscriptions paid at business office of The Courier unless asked for at the time of payment. If votes were not requested at the time, do not ask for them later.

SUBSCRIBERS' ATTENTION.
During the period of The Courier's Automobile and Profit-Sharing Contest, all money paid on subscription providing the account is one dollar or more, is entitled to votes. The Courier is willing to give the votes to a subscriber, providing he or she pays one dollar or more, but The Courier must first on the account of the contest being entered in this particular, which provides that votes must be asked for at the time money is paid.

Your special attention is therefore called to this ruling in the future. No votes will be issued on money paid at the business office of The Courier unless the request for votes is made at the time the money is paid. Every subscriber knows now who the candidates are working in the contest. The list is published here below. Look over the list and see if there is any one you wish to favor. If so you are welcome to do so. But if you have made a payment on your subscription since the contest began and did not ask for the votes at the time the money was paid, must not ask to have the subscriber ask for the votes at this late date for all such requests will be refused. This action is made necessary to protect the various candidates as well as the subscribers.

DON'TS FOR CONTEST WORKERS.
Don't try to see how poorly you can write in making your receipts. Your writing may be so poor that you will not get the votes. Don't try to see how poorly you can write in making your receipts. Your writing may be so poor that you will not get the votes. Don't try to see how poorly you can write in making your receipts. Your writing may be so poor that you will not get the votes.

Don't put the date on the receipt if you do not know to what date the subscription is paid. Leave it blank. Don't hesitate to take a subscription to have the paper started at some future date. The Courier is always in business and subscriptions will be started at any time the subscriber wants it to begin.

Don't call a subscription NEW if it is OLD. Any person who is getting The Courier regularly by the week or month is an old subscriber. Don't get an idea in your head that "some one is trying to do you" out of votes if the voting certificate is not in accord with what you think it should be. Just remember The Courier's interests, the Contest Editor's interest and your interest in this contest are identical. The more votes you get, the more subscriptions you must have. That is what The Courier wants. The more subscriptions you get, the more votes you will get and the more votes you get the better prize you will get. That is your interest. So no one is trying to "gouge you" out of a single vote. You will find the voting certificate made out in accordance with the schedule of votes. If there should happen to be an error, it will be rectified if the Contest Editor's attention is called to it. Neither he nor his assistants are infallible and do not claim to be. Their wings have not yet sprouted.

Don't forget that the schedule of votes is based on the amount of money paid by a subscriber. The theory of the contest is that the votes are given to the person paying who in turn casts them for a candidate. Hence the more money one person pays on his subscription, the greater number of votes that amount of money will give.

Don't get excited or angry if all of your certificates do not appear in the paper when you think they should. Remember there are 56 candidates in this contest. There are then 56 various and diverse interests in this contest. If the Contest Editor tries to please every one of the 56, what a time he'd have. They have him in "dixie" in less than a week. So the only thing he can do is to do the right thing at all times, about as impartially as running the contest as his judgment and experience have shown in proper and right. No one has his knife or club out for you unless it is yourself and surely you stand in your own light if you think that any one is trying to "do you." Get it out of your head.

Don't listen to every little rumor you may hear. In this age of newspapers, wireless telegraphy and telephony, the air is likely to be full of anything. Just bear in mind that you are the only one who is responsible for your success and the other candidates are not. No matter what they do or say, you keep right on saving money. Keep your dust right close to the block. You'll get there.

CLUB OF THIRTY OFFER

Every \$30 in New Subscriptions Gets 600,000 Extra Votes; Every \$30 in Old Subscriptions Gets 300,000 Extra Votes; Positively the Largest Offer, and it Closes May 1.

Safe Medicine for Children.
"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.—Adv.

Let Resinol Make Your Sick Skin Well

That itching, burning skin can almost certainly be healed! The first use of Resinol ointment seldom fails to give instant relief. With the help of Resinol soap, this soothing, healing ointment usually clears away all trace of eczema, ringworm, or other skin troubles, and it is a tormenting, sleep-preventing skin-disease quickly and at little cost. Physicians have prescribed Resinol ointment regularly for over twenty years, so you need not hesitate to use it freely. Sold by all druggists.

Is Your Toilet Soap Injuring Your Skin?

Many toilet soaps contain harsh, injurious alkali. Resinol contains absolutely no free alkali, and to it is added the Resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.

Trunk Hits a Fence.
The Ford truck of the West Penn Rapid Transit Company was badly damaged when it ran into a fence on Limestone Hill, West Side, last evening about 8 o'clock. The fenders were broken and the timing gear damaged. The cost of repairing will be about \$150.

The truck was on the way to Vanderbilt, and was being driven up the hill by William Glatfelter. He lost control of it when about half way up

and it crashed into a fence. Harry May, who was on the truck at the time, had his hand hurt but Glatfelter escaped without injury.

Facts Versus Fallacies

FACT is a real state of things. **FALLACY** is an apparently genuine but really illogical statement or argument.

PROHIBITIONISTS continue to labor under the **FALLACY** that all that is necessary to stop the sale and use of intoxicating liquors is to enact a prohibitory law.

YET the **FACT** remains that all experiments made by States to suppress, or to lessen the traffic in stimulating drinks, have shown that Prohibition laws have proven a failure in enforcement—that any statute not respected by citizens of a community falls of its own weight—that the only result of prohibitory laws against personal rights has been the driving of man into the lawless making and selling of alcoholic beverages.

AN ILLUSTRATION is furnished by eight States in the South where total or partial Prohibition obtains—Alabama, Georgia, North Carolina, Tennessee, Virginia, Florida, Kentucky and South Carolina. In spite of the most earnest efforts of Internal Revenue agents of the United States Government to enforce law, there have been uncovered and seized during the last four years in the States mentioned above nearly 10,000 illicit stills.

IN 1885, just previous to the time that Prohibition ideas in the South had gained some footing, there were only 345 lawless liquor-making stills detected. In 1905, the illicit stills raided had increased to 1063. In 1910, there were 1811 lawless stills uncovered, and last year the "moonshine" liquor-making dens ferreted out had grown to 2677—and this, too, with the exception of 21, merely in the eight Southern States before mentioned.

INTERNAL Revenue statistics show that the number of legal distilleries—those that operate in strict conformity with the Government laws and regulations—has never exceeded 1000 in any given year.

THEN this startling **FACT** becomes apparent—there are raided every year more than twice as many illicit distilleries as there are legal distilleries! And the **FALLACY** of Prohibition is shown by the Government reports that over 99 per cent. of these illegal distilleries are confined to States where Prohibition obtains.

Take Iron, Says Doctor, if You Want Plenty of "Stay There" Strength Like an Athlete!

Ordinary Nourished Iron Will Make
Delicate, Nervous, Run-down People
200 Per Cent Stronger in Two
Weeks' Time, in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think that they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Bauer, a specialist of this city, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of ordinary nourished iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much work or how far you can walk without becoming tired. I have seen dozens of nervous, run-down people who were ailing all the while double and even triple their strength and endurance and thereby get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time.

NOTE--Nourished Iron recommended above by Dr. Bauer is one of the new organic iron compounds. Unlike the older inorganic iron products it is easily assimilated, does not injure the stomach, makes them black, nor upset the stomach, on the contrary, it is the most potent remedy in early forms of indigestion, as well as for nervous run-down conditions. The manufacturers have such great confidence in Nourished Iron that they offer to refund \$100.00 to any trustworthy institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or over in four weeks' time. (provided they have no serious organic trouble.) It also offers to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all druggists—Adv.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there is no need of having a yellow complexion—a bilious look in your face—dull eyes with no sparkle.
Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.
Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets the substitute for calomel, are gentle in their action, yet always effective.
They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone by toning up the liver and clearing the system of impurities.
You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

TRIED VARIOUS KIDNEY REMEDIES BUT ONLY ONE PROVED RELIABLE

It is with great pleasure that I write these lines of praise for your wonderful kidney and bladder remedy. I had kidney trouble so bad I became very much alarmed. I had tried various kidney remedies I heard of but without relief. I was about discouraged of ever being helped, when one day I picked up a book containing testimonials of people who had been helped and cured of their kidney trouble by the use of Dr. Williams' Swamp-Root, so I decided to try it and I know I owe my present good health to the wonderful curative power of Swamp-Root. I sincerely hope my words will be the means of restoring many other sufferers of kidney and bladder troubles to good health.

Very truly yours,
B. J. FENSTERMAKER
1481 Roycroft Ave., Lakewood, Ohio.

Personally appeared before me this 18th day of October, 1915, B. J. Fenstermaker, who subscribed the above statement and made oath that the same is true in substance and in fact.

JOHNNY RAY AGAIN PROVES TOO CLEVER FOR EDDIE WIMLER

Local Boxer Forces Fighting
but Loses in 10 Round
Bout.

DUNCAN SETS NEW RECORD

Unlabeled Negro Knocks Out His
Opponent in Just Four Seconds of
Fighting; Large Crowd Sees Unlabeled's
First Boxing Show of Season.

One of the largest crowds that ever
attended a boxing show in Fayette
county saw the Ray-Wimler fight at the
Dixie Theatre in Uniontown last night.
It was Unlabeled's first boxing
show and he showed that he was
sold out in a few minutes by
standing room only. Ray took the
fight from a science standpoint but
Wimler deserves credit for making it
a fight.

Before the main bout, it was
announced that Ray had the kid-
ney punch barred. By doing this he
took Wimler's big blow away from
him and then, when the little
fighting could be done, he hit Wim-
ler off by an advantage in reach. Ray
seldom landed a blow in the body,
using short jabs to the face. These
did not bother the little Dutchman
any but kept him away from his op-
ponent.

Ray again showed that he was the
cleverer boxer of the two, but Wim-
ler forced the fighting. The local
boy's lip which was cut during the
first bout of the season, that has
never properly healed, was broken
open early in the fight.

The last two rounds of the fight
were fast. Wimler went right into
Ray and the latter had to use all his
cleverness to keep out of the way.
He stopped Wimler's rushes by his
advantage in weight but could not
put him out. The fight went so fast
in the last round that the entire house
rose to its feet.

In the semi-final Tommy Layvine of
Pittsburg won from Chick Rogers of
Mount Washington in an eight round
scrap. In the fifth round Rogers
swung a hard blow to Layvine's head
and broke the second metacarpal
bone of his right hand. Rogers
stuck the fight out to the end.

Terrell Duncan, a Uniontown negro,
who met Nob Jackson of Greensburg,
broke the record for a knock-out when
he floored his opponent in just four
seconds.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a New York Physician.

"My experience has forced me to
the conclusion that most people who
complain of stomach trouble possess
stomachs that are absolutely healthy
and normal. The real trouble, that
which causes all the pain and diffi-
culty, is excessive acid in the stom-
ach, aggravated by food fermentation.
Hyperacidity irritates the delicate
lining of the stomach, abnormally
causing that full bloated feeling. Thus
both acid and fermentation interfere
with and retard the process of diges-
tion. The stomach wall is usually
healthy and normal, but irritated by
most past endurance by these foreign
elements—acid and wind. In all
cases—and they comprise a great ma-
jority of all stomach difficulties—the
first and chief step necessary is to
neutralize the acid and stop the fer-
mentation by taking in a little warm
or cold water immediately after eat-
ing, from one to two teaspoonfuls of
bicarbonate of soda, which is the most
effective antacid and food corrective
I have ever found. The excess acid
will be neutralized and the fermen-
tation stopped almost instantly, and
your stomach will at once proceed to
digest the food in a healthy normal
manner. Be sure to ask your drug-
gist for bicarbonate of soda rather
than magnesia in any other form."

Why Constipation Injures.
The bowels are the natural sewerage
system of the body. When they be-
come obstructed by constipation a
part of the poisonous matter which
they should carry off is absorbed into
the system, you feel dull and stupid,
and interfering with the digestion and
assimilation of food. This condition
is quickly relieved by Chamberlain's

YOU'LL O. K. THIS CHEW AT FIRST TRIAL

Wonderful Flavor of "American
Navy" Has Never Been
Equalled

PUTS MORE JOY INTO CHEWING

There's a wealth of wholesome com-
fort and satisfaction in a chew of good
plug tobacco. It promotes digestion and
coaxes the whole system into a state of
healthful activity. Plug tobacco is the
most natural form into which the rich
leaf can be made.

One chew of American Navy plug
is enough to get you O. K. Such rich,
savory flavor you never tasted before—
such sweet, juicy enjoyment you never
found in any other chew.

In "scrap" you get only part of the
leaf—part of its richness—part of its
sweet, mellow flavor.

But American Navy plug is made of
the whole leaf, pressed close so that
all its richness and sweetness is evenly
distributed through every chew.

American Navy is made of choice to-
bacco leaf selected with painstaking
care for full juicy richness.

And the factory in which this leaf
is pressed into savory plugs is sweet
and clean and sanitary.

Big, luscious cuts for 5c and 10c.

SEE THESE TWO NERVES?

The illustration is designed to make it
clear to those who are not informed in such
matters. When the nerves leave the back-
bone they must have room in which to work.
Note the upper nerve under the magnifying
glass as it emerges from the spine. It is big
and vigorous and healthy because it has
plenty of room. Now note the nerve below
—it is small and thin, because the bone
above it overlaps the bone below it, as you
can see. This pinches the nerve, cuts off its
power, or reduces it, and causes disease in
whatever organ it supplies. The Chiroprac-
tor realigns the bones, gives the nerve room,
and then Nature steps in and does the
curing. It is simple, but it is getting results
in thousands of cases.

Are you not just right? Do you have throat trouble, stomach trouble, rheumatism, pain in back, headaches?

Are you subject to colds and constantly run down? Chiro-

VEGETABLE CALOMEL

Vegetable calomel, extract of the
root of the old-fashioned may-apple
plant, does not salivate. As a liver
stimulant, it's great. It's a per-
fect substitute for ordinary calomel
(mercury). In fact, it's better,
because its action is gentle instead
of severe and irritating—and it
leaves no mean, disagreeable after-
effects. Physicians recognize this
and prescribe may-apple-root (po-
sconylin, they call it) daily.
Combined with four other stand-
ard, all-vegetable remedies, may-
apple-root may now be had at most
any druggist's in convenient sugar-
coated tablet form by asking for
Sentinel Laxatives. If you forget
the name, ask for the box that has
the picture of the soldier on it.
These tablets are small, easy to
take and are really wonderful lit-
tle performers.

They quickly clean out the poi-
sons that are causing you head-
aches, constipation, sour stomach,
biliousness, dizzy spells, bad breath
and coated tongue.

They are mild. They never
gripe. And they are a bowel tonic
as well as a cleanser and liver
regulator. A 10c box should last
one several weeks. A Physician's
trial package (4 doses) will be
mailed you free if you write men-
tioning this advertisement. The

ATTENDANCE GOOD AT WELFARE MEET DESPITE WEATHER

State Armory at Mt. Pleasant Filled With Frick Men.

SOME INTERESTING ADDRESSES

Dr. O'Neil Sherman, Chief Surgeon of H. C. Frick Coke Company, and Other First Aid and Safety Experts are on the Evening's Program.

Special to The Courier.

MOUNT PLEASANT, April 12.—Despite the hard storm that began shortly after 6 o'clock and kept up most of the evening the meeting of the first division of the Frick Welfare Brotherhood was well attended. It was held in the State Armory and the floor was well filled. Charles L. Albright, manager of accident and relief, spoke on "Safety First." Dr. O'Neil Sherman, chief surgeon of the H. C. Frick Coke Company, spoke on "First Aid," and this was followed by another address on "First Aid," by Dr. John L. Burkholder, the first aid instructor. John C. Haherlin, principal of the East Huntingdon township school, spoke on "General Efficiency." S. P. Stevens, president of the Mount Pleasant council, on "Co-Operation." J. H. Baer, supervising principal of East Huntingdon township, on "Welfare," and J. E. Struble, mine inspector, on "Mining." The moving pictures shown of safety and welfare work drew many favorable comments from the men. This was followed by a smoker.

Amby Leach, employee of the ice plant on Smithfield street, while working on the roof, lost his balance and fell, rolling off the roof to the engine house roof and to the ground. The fall was about nine feet but he was unhurt except for a cut in his head which required several stitches to close.

The children of the Institute will give a recital on Saturday afternoon. The program will be made up of children's choruses, piano quartets, trios and solos and vocal solos. The public is invited.

Miss Marion Dunham will be a soloist at the recital to be given by the Mount Club in the Carnegie Music Hall the week of April 24. At the regular meeting of the Redstone Presbyterian Church in Uniontown on Monday, S. C. Stevenson of this place was elected one of the commissioners to the General Assembly of the Presbyterian churches to be held at Atlantic City in May.

A surprise party was given by friends at the home of Rev. J. A. Clifford whose birthday was on Monday evening. Refreshments were served and musical numbers were furnished by Minnie Mae Crosby, Mamie Stouffer, Beatrice and Francis Regan. Mr. Clifford is pastor of the First Baptist Church and has many friends.

Mr. and Mrs. Carl Miller of Pittsburgh spent Sunday here. Clyde Yuthers attended the postmaster's meeting in Connelville yesterday.

DUNBAR.

DUNBAR, April 12.—A. C. Ackerman of Pittsburgh spent Tuesday here looking after business interests.

The funeral of the late Rachel Jones will take place today from the Methodist Protestant Church at 2 o'clock. Interment in Mount Auburn cemetery.

William Hestert of Uniontown was transacting business here yesterday. Word was received here today of the death of Thomas Reimer, formerly of this place, but now of Morgantown, W. Va. He was taken ill last Wednesday with an attack of acute appendicitis, but owing to his ad-

AVOID COLDS

Destroy the disease germs that infect the human body and colds will disappear. Do many drug stores and get a 25c bottle of hycolite, follow directions, and see how easily and quickly you can be relieved from colds, fevers, and the nasty, painful sore throat that might become dangerous.

Don't suffer another minute for hycolite is very effective—is remarkably safe and dependable. It purifies, cleanses and heals affected parts; cools and soothes the fevered membranes and prevents colds and sore throats, that frequently lead to diphtheria.

EVER LAY YOUR BARE ARM ON A HOT STOVE

Of course, it was a foolish thing to do, but it was an accident, and accidents will happen. Sometimes they are most serious and often fatal. They may cause days, even weeks, of suffering, much depending on the nature of first-aid applications. Common sense, and Ucanol are Nature's "first-aids." Whenever emergencies arise demanding the immediate application of a soothing, healing agent, use Ucanol. It is antiseptic, cooling, and wonderfully stimulating to the injured tissues. You will be amazed at the rapidity of its action. It should be in your medicine chest at all times. It should be your first aid for cuts, burns and scalds. Get it now and save yourself needless pain and trouble.

You can buy Ucanol at A. A. Clarke, it's not expensive. For free trial sample address: Tryol Products Co., Inc., Dept. 5X0, Buffalo, N. Y.—Adv.

vanced age, he could not be operated on. Surviving are his wife, one son, Phineas, and three daughters, Ada and Sarah at home, and Pearl of Indianapolis, and one sister, Miss Sara of this place. Mr. Reimer was one of the early settlers here and for many years was cashier of the Dunbar Bank until 1902, when he moved his family to Morgantown. He was an elder in the Presbyterian Church here for 14 years, and after moving to Morgantown was elected to the clerkship of the First Presbyterian Church of that place, holding his office for 13 years. No funeral arrangements have yet been made.

Twelfth Anniversary Sale

THIS SALE marks the conclusion of one more successful business year—our TWELFTH—rounding out an even dozen years during which unbroken success has proven the merits of our steadfast policy of "honest merchandise at the same honest prices to all."

The TWELFTH ANNIVERSARY SALE will be one of most unusual importance, coming, as it does, right at the height of the spring season and only a few days before Easter. Think how opportune it is and what a saving it means on your complete Easter Outfit. As is our custom, wherever at all possible prices will end in 12 or multiples of 12.

Women Who Buy These Good Table Linens Now Will Save the Most

—Into the 12th Anniversary Sale goes one large case containing \$600 worth of Linens which came direct from Scotland. This assortment consists of Table Cloths and Napkins. All are slightly irregular in the weaving. These were purchased months ago. The first case sold during our white Sale was disposed of in two days. These Linens were purchased on the same basis and since prices have advanced another 15%—your savings will be just that much greater.

—We guarantee that there are no holes or defects that will mar the wear. If not satisfied after a most thorough examination at home, you are at liberty to return them. Round and square patterns, floral designs, floral borders, plain centers, dots and stripes. The following retail prices are actually less than they would cost us today.

—Cloths, 67x89 in., \$3.25 values, \$2.13; \$3.50 values, \$2.19; \$4.00 values, \$2.71; \$4.75 values, \$3.00; \$5.00 values, \$3.12; \$6.00 values, \$4.25; \$7.00 values, \$5.10.
